

## **Boil Water Notice Rescinded**

**March 8, 2025**

On March 8, 2025 the Texas Commission on Environmental Quality required the Ames Minglewood WSC public water system, PWS 1460005, to issue a Boil Water Notice to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of March 8, 2025.

If you have questions concerning this matter, you may contact Ames Minglewood WSC at 936 336-5883 or our cell number 936 367-1264. We can also be reached by mail at PO Box 1598; Liberty, Texas 77575

The Boil Water Notice only applied to residents living in Ames Woods on Tebo, Bernard, Duncan and Rue Royale Streets. No other areas within our service area were affected.

Once again, the Boil Water Notice is no longer in effect.
