NOTICE TO CUSTOMERS REGARDING EXTREME WEATHER EMERGENCY

Dear Customer:

The Public Utility Commission's rule in Title 16, Chapter 24 Texas Admin. Code 24.173(d) prohibit Ames Water Supply Corporation (Ames WSC) from imposing a late fee or from disconnecting your retail water service for nonpayment of bills that are due during an extreme weather emergency until after the emergency is over.

An extreme weather event is defined as a prior beginning when the previous day's highest temperature in your area did not exceed 28 degrees Fahrenheit, and the temperature is predicted to remain at or below that level for the next 24 hours according to the nearest National Weather Service reports for your area. For purposes of these requirements, an extreme weather emergency is over on the second business day the temperature exceeds 28 degrees Fahrenheit.

Ames WSC is required to offer a payment schedule to an affected customer that requests a payment schedule. If you are a customer of Ames WSC and are affected by an extreme weather emergency, you may request a payment schedule from Ames WSC for unpaid bills that are due during the extreme weather emergency.

For affected customers that request a payment schedule, Ames WSC is prohibited from disconnecting service for nonpayment of bills that are due during an extreme weather emergency. However, once a payment schedule is offered to the affected customer, disconnection may resume if (1) the affected customer declines to accept the payment schedule in a timely manner, or (2) if the affected customer has violated the terms of the payment schedule.

If you have a bill from Ames WSC due during an extreme weather emergency, then you are an affected customer and you qualify to request a payment schedule. Please contact our office at (936) 336-5883.

Thank you,

Edwin Hardy,
Board President
